At 10:00 o'clock the international congress was opened. Here the most diverse, national circumstances of the dog breed Dobermann are discussed, questions are answered, problems discussed and common solutions worked out. Event dates are planned and the current state of the Doberman in health, breeding, conformation and performance is announced. On the occasion of the 40th anniversary of the IDC, IDC President Mr. Wiblishauser reported on the beginnings of the International Dobermann Club, which he helped launch. At the invitation of the homeland of the breed -Germany- and with the support of France, the constituent meeting took place in 1978 in Munich. Together with Germany, Japan and France, the International Dobermann Club was founded. He was especially pleased with the presence of these country representatives and thanked them for the support and loyalty for 40 years.

The first day of the exhibition was officially opened. After a minute of silence for the deceased Dobermann judge, Mario Mayerhofer from Austria, the presentation of the Dobermann dogs from the baby - puppy and youth classes began. For breeders always an important day to present and watch the young dogs, for the visitors are of course the sweet babies the "eye-catcher".

A very well-attended party with excellent food rounded off this first day of the exhibition. The splendid highlight was the presentation of the "Anniversary Cake". These IDC days had the motto: "40 years International Doberman Club / IDC". IDC President Hans Wiblishauser enjoyed, together with the Slovakian President Dr. Gabriela Ridarciková the ceremonial cutting of the cake. Afterwards people celebrated, laughed and danced.

On Sunday we continued with the presentation of the dogs from the intermediate, open, working, honor and champion classes. The four best dogs from each of these classes went into the final competition, which took place in the afternoon in the festively decorated ring of honor. In addition, there were the competitions of the couples classes, the breeding and offspring groups, as well as the presentation of all over 8 years old Doberman dogs - the veterans.

With a professional high-class moderator (who is a breeding judge herself), the audience was guided through the entire finals. Thank you Linda!

The separated photo area was very well received. Without delays in the process in the ring of honor, the photographers had the opportunity to photograph the beautiful winners.

All "IDC-winning dogs" received a jubilee sash, which resulted in a particularly nice overall picture. Of course, the owners took home the biggest trophies.

Several hundred spectators formed an enthusiastic audience, which celebrated the winners with great applause and cheers.

This anniversary event of the IDC 2018 was not only a top organized event, but a celebration for all Dobermann friends.

This success is due to Alice and Wolfgang Freyer with a diligent and sympathetic team.

The panel of judges, consisting of Gabriela Ridarcikova from Slovakia, Ana Tits from Russia, Rudi Killmaier and Hans Wiblshauser from Germany had a difficult job, from the many beautiful dogs to select the best and award them. Very well-trained and hard-working ring staff recorded the results directly in the ring and ensured a speedy progress in the judging rings.

The fact that this event took place in the most glorious weather with ideal temperatures rounded off the positive feeling. With a registration number of more than 400 Doberman dogs, a high number of satisfied exhibitors and visitors, a hospitable atmosphere and very good organization, Alica and Wolfgang Freyer and their helpers have received our high recognition and a heartfelt "thank you" for this unforgettable "Anniversary" event: IDC Days 2018.

A thank you to the exhibitors for the presentation of your dogs!

Congratulations to all IDC winners 2018
