

September, 2020

Dear IDC Members,

We hope you and your family are well and healthy in these strange times. Due to the daily changes in travel advice unfortunately we will not be able to organise a congress this year.

As discussed at the Congress in 2019 we will postpone the ZTP regulations concerning ZTP for both parents. This topic will be on the agenda of IDC Congress 2021.

Above means that there will be **no changes before 01.01.2022.** We will discuss further on next year's congress. As asked before all members can send their arguments and information to me before the next congress.

Concerning the qualification for IDC WM 2021: the handlers and dogs that were qualified for this year's WM will keep their qualification for IDC WM 2021.

New additional qualifications will be admitted provided that they meet the qualification criteria in force.

Stay safe and healthy, hopefully we can all meet again soon.

Kind regards,

Evi Torfs
IDC Secretary
